

Philips Performer Active
Vacuum cleaner with bag

2100 W
HEPA 13 filter
4L
Remote control

FC8589/01

High suction power. For a deep clean.

Hygienic cleaning with AirflowMax

The new Philips Performer Active vacuum cleaner delivers full cleaning performance with hygienic dust removal. AirflowMax technology keeps the suction power stronger for longer*. The MultiClean nozzle removes dust efficiently on all floors.

Remarkable cleaning results

- Revolutionary AirflowMax technology for strong suction power
- Powerful 2100 Watt motor for excellent cleaning results
- New MultiClean nozzle for thorough cleaning on all floors

Maximum convenience

- Integrated brush for ultimate convenience
- ActiveLock couplings to easily adjust to each cleaning task
- Soft bumper for easy gliding along furniture and walls
- 4L dust capacity for longer cleaning
- Remote control for no bend, with IR wireless technology

Hygienic cleaning

- Allergy filter captures more than 99.90% of fine dust
- s-bag Classic Long Performance lasts up to 50% longer

PHILIPS

Highlights

AirflowMax technology

The unique AirflowMax technology keeps the suction power stronger for longer* to use the bag to the very end. The technology is built around the optimization of three key elements: 1) Unique ribs profile inside the dust chamber to maximize airflow around the dustbag and enable the use of the entire bag surface. 2) Specially designed dust chamber capacity that allows the dustbag to fully unfold uniformly. 3) High quality, non-clogging fibre structures in the dustbag absorb dust without blocking the pores, thus avoiding a reduction in suction power.

Integrated Brush

The vacuum cleaner is designed with integrated accessories, so that you do not need to carry extra pieces around while you clean. The soft dusting brush is conveniently integrated in the handle of the appliance, always ready to use.

ActiveLock couplings

The ActiveLock couplings allow you to easily connect and disconnect the different nozzles and accessories from the telescopic tube while cleaning.

Soft bumper

The soft bumper protects furniture and prevents damage if you accidentally bump into your furniture or walls and stops it from getting stuck on edges, so you can move around faster.

Allergy filter

Developed to meet the specific needs of allergy sufferers and more generally of people demanding a higher level of hygiene.

s-bag Classic Long Performance

This new Philips synthetic dust bag has been developed to provide long lasting vacuum cleaner performance, i.e. a high performance level and maximum filtration, up to the moment the dust bag is full and ready for disposal.

4L dust capacity

The specially designed 4L dust chamber allows you to make optimal use of your dust bag, so you can clean for longer.

Specifications

Performance

- Airflow (max): 40,17 l/s
- Input power (IEC): 1800 W
- Input power (max): 2100 W
- Sound power level: 82 dB
- Suction power (max): 450 W
- Vacuum (max): 23 kPa

Usability

- Action radius: 9 m
- Carrying handle: Front
- Cord length: 6 m
- Tube type: Metal 2-piece telescopic tube
- Wheel type: Rubber
- Tube coupling: ActiveLock
- Power control: Remote control

Design

- Color: Twist Red

Filtration

- Dust bag type: s-bag Classic Long Performance
- Dust capacity: 4 L
- Exhaust filter: Allergy filter
- Motor filter: Microfilter

Nozzles and accessories

- Accessories included: Crevice tool, Integrated brush
- Standard nozzle: MultiClean nozzle

Sustainability

- Packaging: > 90% recycled materials
- User manual: 100% recycled paper

Weight and dimensions

- Dimensions of product (LxWxH): 447x304x234 mm
- Weight of product: 5,2 kg

Issue date 2017-09-06

Version: 12.5.1
